## Act Fibernet Multiplies Internet Seeds Up TO 5X In 6 Months At No Extra Costs

*First and only ISP in Hyderabad to cater to customer need for speed and reliability*

**Hyderabad, March 1, 2017:** ACT Fibernet, India's largest non-telco ISP and 3rd largest ISP (internet service provider), today announced upgradation of its existing internet plans for customers in the city of Hyderabad.

At a similar upgrade in October 2016, ACT Fibernet had increased its entry level plan A-Max 410 from 1 Mbps to 2 mbps and is now taking it to a new level of 5 mbps with an exceptional download and upload limits of 60 GB each, making it the only internet package in the market to be offered at such a phenomenal value.

Likewise, **A-Max 650** has been upgraded to **25Mbps** versus its previous offerings of 10Mbps with new upload and download FUP of 100 GB at no extra costs. **A-Max 1050** is being upgraded to **60 Mbps** from speeds of 40Mbps with new upload and download FUP of 200 GB again at no extra costs

With over 70 per cent market share in Hyderabad, ACT Fibernet is Hyderabad's largest and favoured internet service provider that bring the best internet plans coupled with incredible speed and reliability to its customers. The new offerings will enable access to high speed and uninterrupted internet services to meet entertainment, business and utility services requirements.

Speaking on the newly introduced plans, **Mr. Bala Malladi, CEO, Atria Convergence Technologies Pvt Ltd commented**, *"In Line with our philosophy of offering exceptional speeds and download limits that empower our customers - we are upgrading our plans to offer the best speeds and FUP limits at exceptional value to our customers. With the ultimate objective of liberating our customers from speed and data inhibitions, our new plans will open a whole new world of possibilities such as HD and 4K movie downloads."*
