CONNECT TO INDIA'S LARGEST FIBER BROADBAND NETWORK

In the digital era, high speed and reliable internet connectivity is a pre-requisite for uninterrupted life and business. Being one of the nation's largest Class A Internet Service Providers, ACT Fibernet connects more than 1.5 million broadband customers in 19 cities across India with world-class internet services. Our enterprise solution is designed exclusively to boost business agility and enhance the productivity of our enterprise clients with an internet connection that is much more efficient, reliable and scalable than home broadband.

With a decade of experience in delivering fiber optic technology, we power close to **15000+ Business Clients** In Bangalore, Hyderabad and Chennai

GET ACT CORPORATE BROADBAND FOR YOUR OFFICE

Businesses require more reliable and secure internet services than a retail broadband, for running their operations effectively. Corporate Broadband is a unique value proposition of ACT Enterprise, curated exclusively for small enterprises and young start-ups with 10-20 employees. It offers enterprise-grade connectivity at reasonable prices, when compared to an internet leased line.

Dedicated Support Team

Public Static IP

Data Limit up to 8 TB

**Efficient Network
Monitoring**
